## STORY EXPLAINED

This weeks theme is Exploring the Bible. It's very difficult to find a story in the Bible about the importance of exploring the Bible because as a book it didn't exist when the books of the Bible were written. But what we can find is stories where we hear how important it is to read and understand scripture.

Now I love a book but not everyone does, thankfully these days there are soooooo many new and interesting ways you can explore the Bible. What's important as a Christian is that you find out about Jesus no matter what form that takes.

# Interactive Prayer

All scripture is inspired by God.

- 2 Timothy 3:16

In many ways the Bible is like a door; a door that we pass through every day. We can open the door and go in whenever we like, If we take the time to open the door and go in regularly then we can learn all about the Lord God and how much he loves us. Doors aren't always physical things you have to reach out and open - you can open doors in your mind, online and in many other ways. Whilst colouring in this door why not take the time to say Thank you to God that through him people have been able to create so many different ways for us to engage with the Bible.
