STORY EXPLAINED

The story of the Saul becoming a follower of Jesus was chosen for this week because it shows us that once you have accepted the forgiveness of Jesus into your life then he will always be with you no matter what happens.

Saul was already believed in God but he didn't believe that Jesus was his son and because of this he persecuted his followers. Once Saul had accepted Jesus as the son of God he felt like a new creation and he knew that he would never be alone again.

The Pilgrims Progress

The Pilgrims Progress is a film all about following the correct path.

We follow Christian as he tries to learn all about Christ and turn away from sin.

In the clip "Keep on the Straight Path" Evangelist shows Christian the way and instructs him to follow the straight path urging him to hurry.

If we truly believe then God will always be with us and will send help when we need it just as he sent Evangelist to help Christian

Footprints in the Sand

Have you ever read the poem footprints?
If not here it is for you to read.

One night a man had a dream. He dreamed he was walking along the beach with the Lord.

When the last scene of his life flashed before him, he looked back at the footprints in the sand.

He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest times in his life.

This really bothered him and he questioned the Lord about it.

"Lord you said that once I decided to follow you, you'd walk with me all the way. But I have notice that during the most troublesome times in my life, there were only one set of footprints. I don't understand why when I needed you most you would leave me."

The Lord replied. "My precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

If you are lucky enough to live near a beach or have a sand pit in your back garden why not place your feet in the sand and see how the sand takes on the shape that your feet leave behind and think about the times in your life when you have felt sad. Now you know that that was when Jesus was carrying you.
